

BIOMEDICAL ARTS (MINOR)

A minor in biomedical arts combines science courses with art and design courses to develop introductory skills and knowledge about the field of medical and scientific illustration. This minor prepares students for a number of possible careers in biological, botanical, or related scientific and medical illustration. The minor also prepares a student for graduate study in medical illustration.

Admission Requirements

- Students must meet with a college advisor/student success counselor to declare a minor and review the course requirements.

Program Progression and Additional Graduation Requirements

- A grade of C or higher is required in all courses for the minor.
- A minimum of 12 credits of the minor must be completed at FGCU.
- A minimum of 9 credits must be upper division (3000-4999 level) courses.
- Students desiring certification of a minor and designation on their academic transcript must:
 - Note the minor on the Application for Graduation.
 - Contact a college advisor/student success counselor to certify completion of all course requirements for the declared minor as listed below.

Program Requirements

Required Courses in the Minor

Code	Title	Credits
Required Courses in the Minor		(15 credits)
BSC 3841	Medical Illustration	3
BSC 3880C	Anatomy and Arts	3
HSC 3537	Medical Terminology	3
Complete one from the following:		
BSC 1005 & 1005L	Biological Science and Biological Science Laboratory	4
BSC 1085C	Hum Anat & Physio w/Lab I	4
BSC 1086C	Hum Anat & Physio w/Lab II	4
BSC 1010C	General Biology with Lab I	4
BSC 1011 & 1011L	General Biology II and General Biology II Laboratory	4
BSC 1020C	Human Systems	3
Complete 3 credits from the following:		
ART 1300	Drawing I (Complete one from the following:)	3
ART 1301	Drawing II	3
ART 1201	Methods and Concepts I	3
ART 1203	Methods and Concepts II	3
ART 2500	Painting I	3
ART 2602	Digital Art Studio I	3
ART 3332	Figure Drawing	3

Total Credits Required: 15
